I am a member of the Dakota Sioux Tribe and was born and raised in the Pacific Northwest. I hold strong family and traditional Native American values and believe in supporting our tribal communities.

I actively participate in traditional Native American singing in our local communities, and have had the opportunity to travel across the United States participating in various singing engagements. I am grateful to have this opportunity and enjoy every minute.

I strive to bring superior customer service to our clients, by providing them with high quality products and services while also providing excellent prices.

My goal is to provide the services, product, and prices that will contribute to the continued success of our Tribal organizations.

Sincerely,

Anthony Bluehorse
