WHIZ DRY - RINSE ADDITIVE

GENERAL DESCRIPTION:

WHIZ DRY is a concentrated, liquid rinse additive for the automatic dishmachine. WHIZ DRY lowers the surface tension of the water so water sheets off the dishes instead of forming droplets; eliminates unsightly water spots and streaks for sparkling glasses, china and silverware.

PROPERTIES: Form: Liquid
 Color: Blue
 Odor: Mild

USE DIRECTIONS:

WHIZ DRY is injected automatically into the rinse cycle with a rinse injector. Requirements in the rinse cycle are water pressure of 10 psi minimum at the rinse jets, and 170°F water temperature. Your Mt. Hood Solutions sales representative will adjust the rinse injector for optimum performance.

CAUTION:

May cause eye irritation. For contact with eyes, flush with plenty of water. If eye irritation persists; see a physician. Wash after handling. Do not ingest. Consult the Material Safety Data Sheet for additional precautions.

KEEP OUT OF REACH OF CHILDREN.

PACKAGING: 15 gal. carboy
